Sir:

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

At page 2, the "Notice of Allowability" includes a statement of reasons for allowance in which the Examiner lists elements and/or features that he does not find in references of record. Applicants note that allowed claims do not specifically recite all elements and/or features in the statement of reasons for allowance, e.g., the allowed claims do not recite a "nitride semiconductor device". The allowed claims have a scope defined by their specific recitations rather than by the statement of reasons for allowance. Applicants do not admit that any element or feature, which is listed in the statement of reasons for allowance, limits any allowed claim unless that element or feature is specifically recited in that allowed claim.

In the event of any non-payment or improper payment of a required fee, the Commissioner is authorized to charge or to credit **Lucent Technologies Deposit Account No. 12-2325** to correct the error.

Respectfully,

John F. McCabe
